SCHEDULE 1 TO CLAUSE 43.03 INCORPORATED PLAN OVERLAY

Shown on the planning scheme map as **IPO1**.

32-68 MOLLISON STREET, ABBOTSFORD INCORPORATED PLAN (MARCH 2021)

1.0 Requirement before a permit is granted

--/---
Proposed C280yara

None specified.

2.0 Permits not generally in accordance with incorporated plan

--/---
Proposed C280yara

A permit granted for the following is not required to be generally in accordance with the incorporated plan: incorporated plan.

- use of an existing building;
- construction or carrying out of minor works to or associated with existing buildings;
- subdivision of land, provided that the subdivision is the result of a consolidation of all or part of the land or the re-subdivision of the land and the number of lots is not increased;
- removal or creation of easements or restrictions; or
- construction or carrying out of buildings or works associated with the remediation of land in accordance with or for the purpose of obtaining a Certificate or Statement of Environmental Audit under the *Environment Protection Act 1970*.

Before granting a permit the responsible authority must be satisfied that the issue of the permit will not prejudice the ability to future-use and development of the land generally in accordance with the Incorporated Plan, in an integrated manner, and that the use or development allowed by the permit will contribute to the vision for the site whereby the land is developed according to a new mid-rise character along Mollison Street for the purpose of office, commercial and other compatible uses in such a way that promotes pedestrian activity and passive surveillance, contributes to a high quality public realm and avoids overshadowing of opposite footpaths.

3.0 Conditions and requirements for permits

--/---
Proposed C280yara

The following conditions and/or requirements apply to permits (except the works mentioned in Clause 2 of this Schedule):

Permit requirements

- A new development that requires access from Little Nicholson Street must provide a laneway widening of Little Nicholson Street to allow two-way traffic to the satisfaction of the responsible authority.
- A new development must not overshadow the southern footpath of Mollison Street between 10 am and 2 pm on the 22nd of September.
- The proposed development must incorporate the findings and recommendations of a car parking and traffic impact assessment that demonstrates:
 - the safe entry and exit of vehicles to and from the land and that these movements minimise conflict with any existing pedestrian and cycle links; and
 - the provision of car parking, appropriate circulation and layout of car parking, and the recommended bicycle parking provision rates.
- A new development must chamfer the corner of the development at the Mollison Street and Victoria Crescent intersection, with no cantilevering at upper levels;
- A new development must provide active frontages towards Mollison Street and Victoria Crescent.

Permit conditions

- A permit to construct a building or construct or carry out works must include conditions that require the widening of Little Nicholson Street to be designed and constructed to the satisfaction of the Responsible Authority.

4.0

--/---
Proposed C280yara

Decision guidelines

The following decision guidelines apply to an application for a permit under Clause 43.03 which is not generally in accordance with the incorporated plan, in addition to those specified in Clause 43.03 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority:

- Whether the proposed development provides façade articulation;
- Whether the layout and appearance of areas set aside for vehicular access, loading and unloading and the location of any proposed car parking is practicable, safe and supports a pedestrian-oriented design outcome.
- The impact of traffic generated by the development on the capacity of the surrounding road network, including the functionality of the intersection of Mollison Street and Victoria Crescent; and
- Whether the development provides opportunities for active frontages and engaging edges to the public realm through landscaping and/or architectural design features;
- The impact of the design and appearance of the building or works in relation to the surrounding built form and character.

5.0

--/---
Proposed C280yara

Preparation of the incorporated plan

An incorporated plan must include the following requirements:

- Objectives for the future use and development of the site;
- A plan showing:
 - maximum building heights for each area in metres and storeys;
 - setbacks from Little Nicholson Street to enable two-way vehicle movement at street level;
 - upper level separation between the eastern and western part of the proposed building(s);
 - retention of the corner splay (chamfered corner) at the intersection of Mollison Street and Victoria Crescent; and
 - the preferred location of vehicle entry and exit points for the land.
